

Master to oversee the distribution of \$975 million in restitution (the “Restitution Funds”) that Takata agreed to pay to designated claimants, including auto manufacturers (the “OEMs”) and individuals with personal injuries.<sup>1</sup> This proposed second distribution addresses only the restitution to individuals under the Individual Restitution Fund (defined below).

Contemporaneously with the acceptance of the Plea Agreement, the Court entered the *Restitution Order* [Dkt. No. 24] (the “Restitution Order”) requiring Takata to, among other things, pay \$125 million in restitution to individuals who suffered (or will suffer) personal injury caused by the malfunction of a Takata airbag inflator, and who have not already resolved their claims against Takata (the “Individual Restitution Fund” or “IRF”).

Pursuant to the Plea Agreement, on July 31, 2017, the Court entered an order appointing Eric D. Green as Special Master of the Takata Restitution Funds (the “Appointment Order”) [Dkt. No. 40] to administer the Individual Restitution Fund (as well as the OEM Restitution Fund). Pursuant to paragraph 2 of the Appointment Order, the Special Master’s responsibilities include, *inter alia*,

---

<sup>1</sup> The Restitution Order requires, *inter alia*, Takata to pay \$850 million in restitution to the OEMs in connection with their purchase of Takata airbags inflators (the “OEM Restitution Fund”). The Special Master previously submitted the proposed allocation of the OEM Restitution Fund and requested Court approval of the proposed notice program [Dkt. No. 49]. The Court entered the order approving the proposed notice program to distribute notice regarding the OEM Restitution Fund on November 28, 2017 [Dkt. No. 50], and the distribution of the \$850 million in restitution to the OEMs has been completed in accordance with the Court’s orders [Dkt. Nos. 81, 90, 100, 105].

establishing procedures, subject to Court approval, to determine eligible claimants and the amount of loss eligible for compensation, developing a formula or formulas, subject to Court approval, for distributing funds to eligible claimants, making determinations regarding allowed claims, and making a recommendation to the Court regarding allocation of funds from the Individual Restitution Fund.

**A. The Revised IRF Methodology.**

On March 21, 2018, the Court entered an order approving the Special Master's proposed approach to distributing the funds in the IRF (the "Revised IRF Methodology").<sup>2</sup> The Revised IRF Methodology sets forth the requirements for qualifying as an Eligible Claimant<sup>3</sup> and divides eligible claims into two categories: (i) "Current Claims" filed with the Special Master by August 31, 2018; and (ii) "Future Claims"<sup>4</sup> filed after August 31, 2018. Under the Revised IRF Methodology, a portion of the IRF is allocated to Current Claims and the balance is

---

<sup>2</sup> *Order Granting Special Master's Request for Approval of the Revised Individual Restitution Fund Methodology* [Dkt. No. 77] and *Overruling Defendant's Objection* [Dkt. No. 78] (the "IRF Methodology Order").

<sup>3</sup> "Eligible Claimant" means an individual (1) who has suffered personal injury or death caused by the rupture or aggressive deployment of a Takata phase-stabilized ammonium nitrate (PSAN) airbag inflator (the "PSAN Airbag Inflator Malfunction"); (2) who was at the time the PSAN Airbag Inflator Malfunction occurred (a) in a vehicle located or registered in the United States, its territories or its possessions, or (b) a U.S. citizen or permanent resident (wherever the PSAN Airbag Inflator Malfunction occurred); and (3) who has not already resolved his or her claim against Takata Corporation and/or any of its affiliates.

<sup>4</sup> The Special Master now refers to "Future Claims" as simply "Claims" given that all claims that are processed pursuant to this Request and thereafter were filed after August 31, 2018.

reserved for Future Claims based on estimations of Current and Future Claims conducted by NERA.

Given that the estimated value of all anticipated Current and Future Claims far exceeds the \$125 million in the Individual Restitution Fund, the Special Master decided to utilize a relative valuation approach to determine awards to Eligible Claimants. Under this approach, points are assigned to claims based on injury categories in an injury valuation matrix and certain other factors, and then the points assigned to each claim are converted to a monetary award based on the number and value of allowed claims and the funds available.

Future Claims are valued and paid under the same procedures as Current Claims. In the event that there are fewer Future Claims than estimated, unused funds will be distributed to all eligible claimants on a proportional basis.

**B. The Claim Forms and Notice Program.**

On May 29, 2018, the Special Master obtained Court approval of the following in connection with the IRF: (i) the Notice Program; (ii) the Personal Injury Claim Form; (iii) the Wrongful Death Claim Form; (iv) the lists of required supporting documentation; (v) the Notice of Claim Form, which enables claimants to timely file but defer consideration of their claim; and (vi) the HIPAA Release.<sup>5</sup>

---

<sup>5</sup> *Order Granting Special Master's Request for Approval of Individual Restitution Fund Claim Forms, Notice Program, and Extension of Current Claims Filing Deadline*, dated May 29, 2018 [Dkt. No. 94].

The next day, May 30, 2018, the Special Master launched the targeted Notice Program for the IRF, including direct notification through mail and email, indirect notice through international publication and a press release, and various types of online media. With respect to the direct notification, the Claims Administrator mailed a claim package consisting of a direct notice, claim forms, supporting documentation checklists, and a notice of claim. This targeted notice supplemented the notice program in the U.S. Bankruptcy Proceedings, which was designed to reach approximately 83 million past and present registered owners of a vehicle containing a Takata PSAN Inflator.

**C. Third Distribution Request.**

On May 18, 2020, the Special Master filed the *Special Master's Request for Approval of Third Distribution of Individual Restitution Fund* [Dkt. No. 123] (the "Third IRF Distribution Request"). In the Third IRF Distribution Request, the Special Master indicated that he evaluated each Claim, determined whether such claims were eligible for compensation from the IRF, and, if eligible, assigned a point value to each claim. In total, after all internal reviews and appeals, 17,937 points were awarded to those Claimants. On June 22, 2020, the Court entered its *Order Granting Special Master's Request for Approval of Third Distribution of Individual Restitution Fund* [Dkt. No. 126] (the "Order").

**D. The Evaluation of Claims Subject to Fourth Distribution Request.**

Since entry of the Order, the Special Master has administered, reviewed, analyzed, and evaluated twenty (20) additional Claims. The purpose of this Request is to seek the Court's approval of the Special Master's determinations for these Claims.

Epiq reviewed each of the twenty (20) Claims: (i) for facial deficiencies, such as a missing signature, lack of basic documentation, or failure to supply required information; and (ii) for more substantive deficiencies, such as failure to supply evidence of a rupture or aggressive deployment. If deficiencies were identified by Epiq, then deficiency notices were sent out to those claimants, or their attorneys, identifying the deficiencies and requesting supplementation within the cure period set forth in the Revised IRF Methodology.

Once a Claim was deemed complete, it was evaluated by staff at Epiq, reviewed by senior management at Epiq according to criteria developed and specified by the Special Master, and then sent to the Special Master for final review and determination.

Ultimately, of the twenty (20) Claims, the Special Master and his team determined that six (6) of the Claims are eligible for compensation and fourteen (14) of the Claims are ineligible for compensation.

With respect to the fourteen (14) ineligible Claims, they were determined to be ineligible for one of the following reasons: (i) two (2) of the Claims allege a non-deployment of the airbag, which is not compensable under the IRF; (ii) for eight (8) of the Claims, a Takata airbag was not installed in the subject vehicle; and (iii) four (4) of the Claims failed to show the rupture was causally related to the claimant's injury.

For each of the six (6) eligible Claims, the Special Master, with the assistance of his advisors, finalized the point awards following both an initial evaluation and additional review sessions to ensure that each eligible Claim was treated fairly and equitably.

**i. Notice Of Award Or Denial.**

Next, the Special Master sent either award or denial letters to the twenty (20) Claimants, as applicable, notifying them of the Special Master's determination and, if eligible, their proposed point award. Award letters included the number of points that each Claimant had been awarded, as well as the dollar value of a point and the dollar value of their Claim. The denial letters that were sent to ineligible Claimants notified the Claimants of the basis of the Special Master's determination.

**ii. Appeal Process.**

Upon receipt of the award or denial letter, Claimants were provided the opportunity to appeal the Special Master's determination through the internal appeals process set forth in the Revised IRF Methodology. Claimants could initiate an appeal by filing a Notice of Appeal with the Special Master within thirty (30) days of receipt of the determination letter (the "Appeal Deadline"). Prior to the expiration of the Appeal Deadline, the Special Master received one (1) Notice of Appeal regarding a determination of ineligibility.

As directed in the Revised IRF Methodology, independent third-party Review Officers then re-examined the one (1) claim for which a Notice of Appeal was filed and made a recommendation to the Special Master as to that Claim that they reviewed. The independent third-party Review Officer affirmed the Special Master's award for the one (1) ineligibility appeal.

**II. Fourth Distribution Request.**

**A. Claims Determinations.**

In accordance with the Court-approved Revised IRF Methodology, the Special Master has evaluated each Claim, determined whether it is eligible for compensation from the IRF, and, if eligible, assigned a point value. In total, after all internal reviews and appeals, 2,250 points were awarded for the six (6) eligible Claims. In accordance with the Third Request Order, the value of a point is

currently set at \$71.01 for the six (6) eligible Claims.<sup>6</sup> Accordingly, the Special Master recommends that \$159,772.50 be distributed to the Claimants included in this proposed distribution.

Attached hereto as **Exhibit A** is a chart of the six (6) Claims determined to be eligible for compensation, the points awarded to each Claim, and the corresponding monetary value of each point award, based on the proposed dollar value of a point. Attached hereto as **Exhibit B** is a chart reflecting the fourteen (14) Claims determined to be ineligible for compensation, organized by basis for denial. Attached hereto as **Exhibit C** is a chart reflecting the claim that was subject to internal appeal and the corresponding disposition. The names of the claimants in each exhibit are removed in order to protect each Claimant's personal information.

The Special Master recommends that the Court approve the Claimants listed on Exhibit A as Eligible Claimants and the distribution of the monetary awards listed on Exhibit A to these Claimants. The Special Master further recommends that the Court approve the denial of the Claims listed on Exhibit B.

**B. Releases.**

---

<sup>6</sup> The value of a point remains subject to change based on, among other things, estimates of claims, which are driven primarily by OEM recall completion rates and incidents of inflator ruptures, as well as actual investment results. The Special Master is receiving data on a rolling basis and, if the updated information results in a change in the value of a point, the Special Master will seek Court-approval of the revised value.

The Court previously approved conditioning payment from the IRF on the execution and submission of a release to the Special Master. *See* IRF Methodology Order. In addition, the Court ordered that attorney's fees for Claims may not exceed twenty-five percent 25% of an award, except for good cause shown as to why the permissible attorney's fees portion of an award should be upwardly adjusted. *See id.*, at Section VII(I). The Special Master recommends requiring that, as a condition for payment from the IRF to any individual represented by counsel, counsel must execute a rider to the release acknowledging and agreeing to abide by the restriction on attorney's fees set forth in the IRF Methodology Order.

**C. Notice And Objections.**

Consistent with the procedures set forth in the *Minutes of July 25, 2019 Conference with Special Master* [Dkt. No. 110] (attached hereto as **Exhibit D**), the Special Master will notify Claimants: (i) of their point award and the monetary value of the award (if any); (ii) of the filing of this Request; and (iii) that they may object to the Request by submitting a written response to the Special Master on or before August 7, 2020. Shortly following the objection deadline, the Special Master will confer with the Court and file with the Court in the miscellaneous case docket a supplemental filing providing further information with (i) a brief background materials as to the claims for which Notices of Appeal were filed, the

recommendations of the independent third-party Review Officers with respect to those appeals, and the Special Master's recommendations as to same; and (ii) any objections filed on or before August 7, 2020 as permitted in the Request and the Special Master's recommendation with respect to any such objections. Following that submission and any further meeting or request of the Court, the Special Master will request that the Court enter an order approving this Request.

### **CONCLUSION**

**WHEREFORE**, the Special Master requests that the Court enter an order substantially in the form attached hereto as **Exhibit E** approving: (a) the distribution to Claimants as set forth on **Exhibit A** hereto; (b) the determination that the claims of the Claimants set forth on **Exhibit B** are ineligible for compensation from the Individual Restitution Fund; and (c) conditioning payment from the IRF to individuals represented by counsel on execution of a rider by counsel acknowledging and agreeing to abide by the restriction on attorney's fees set forth in the IRF Methodology Order.

The Special Master did not identify sufficient evidence in the Claim File to show rupture (e.g., ejection of metal fragments or shrapnel).

**Affirmed Appeals**

No.	Claim No.	Reviewer	Recommendation
1	10000193	Yanni	Affirm

**EXHIBIT D**

1. In early August, 2019, the Special Master intends to file a motion with the Court seeking approval of all Current Claim dispositions, the dollar value of a point, and the form of release<sup>1</sup> to be executed by the claimant and submitted to the Special Master in order for the claimant to receive his or her allocated distribution (the “Motion”). The Motion will include a list of the awards to be given by claim number and claimant name; provided, however, that the claimant name shall be redacted to preserve confidentiality.

2. After filing the Motion, the Special Master will notify Current Claimants of their point award and the monetary value of the award (if any), which is subject to court-approval. Current Claimants also will be notified that they may object to the Motion by submitting a written response to the Special Master on or before August 30, 2019.

3. Shortly following the objection deadline, the Special Master will confer with Judge Steeh to review the Current Claim dispositions and any submitted objections.

4. Following that meeting, the Special Master will request that the Court enter an order approving the Motion as initially submitted or
